

TECHNICAL SPECIFICATION: Open Mesh Cloth is a lightweight, strong meshed polyester nylon material combined with a tough aluminum oxide abrasive. Open Mesh Cloth can be used for cleaning and deburring copper pipe and fittings prior to soldering. Open Mesh Cloth can be used with wet or dry pipe and allows small particles to filter through the open mesh to minimize clogging.

PHYSICAL/CHEMICAL PROPERTIES

Abrasive Material	Aluminum Oxide
Grit Size	180
Water Resistance	Waterproof
Width	2"

PRODUCT NUMBER	DESCRIPTION
3108	2" x 5 yards Open Mesh Cloth
3109	2" x 10 yards Open Mesh Cloth

DIRECTIONS FOR USE

To use from dispenser box, pull 1"-2" of cloth out of the top of the box and tear. Open Mesh Cloth can be used on both sides of cloth and can be rinsed with water for repeated use.

PRECAUTIONS

Read all cautions and directions carefully before using this product. Use only in well ventilated area. Do not inhale dust from sanding process. KEEP OUT OF REACH OF CHILDREN.

COMMON APPLICATIONS

Open Mesh Cloth is used to clean copper pipe and fittings prior to soldering. Can also be used for cleaning brass, aluminum and other soft metals.
