

Perfect Seal Toilet Flange Item 10718

Perfect Seal™ is an innovative new product that takes the guesswork out of toilet installation. The universal design will work with any toilet installation. It fits any drain size and flange depth. Whether your flange is above the floor or below the floor due to re-tiling, the Perfect Seal™ guarantees a "perfect seal" the first time - every time. The patented seal design combines specially designed rubber gaskets with encapsulated wax to form a seal that is three times stronger than a wax ring without the mess.

- Guarantees a "Perfect Seal" - The First Time - Every Time!
- Hidden wax ring/No mess
- 3x Stronger seal than wax rings
- Toilet can be repositioned as needed
- Maintains a tight seal when common toilet and floor movement occurs
- Accommodates flange heights from 1/2 in. above the floor to 1-1/2 in. below the floor

HydroSeat Toilet Flange Repair Item 10672

The HydroSeat offers an easy, one-piece installation that fixes wobbly or leaking toilets, and broken or damaged flanges. Installed together with a wax ring, the HydroSeat technology ensures a tight, leak-free seal and features a self-centering rubber funnel that fits any toilet or closet flange. Installation is simple and the debris cover helps to prevent sewer gas from escaping and debris from entering the pipe while the toilet is removed. Stainless steel bolts are locked into steel at factory set height to prevent movement.

- Fixes a wobbly or leaking toilet
- Repairs a damaged or broken closet flange
- Seals out sewer gas
- Rubber funnel contours to fit any toilet or closet flange
- Closet floor bolts, stainless steel washers and nuts included
- Allows for multiple resets
