

## LynCar's **LISTED** Shower Pan Liner

LYNCAR'S shower pan liner meets ASTM specifications, and is manufactured from 100% virgin poly vinyl chloride resin.

LYNCAR is a leader in shower pan development. LYNCAR'S shower pan is used in shower stalls, gang showers, steam rooms, roman tubs, fountains, ornamental or reflecting pools, & other concealed waterproofing applications.

NO regrind or recycled materials are used in manufacturing this product. Our Shower pan liner is unaffected by concrete or cement. Great to use in a cold weather environment, however, should not be installed where it is exposed to direct sunlight.

PART#	WidTh	Length	Colour	Mil	SQ/FT per roll
3015	4 ft	50 ft	Black	30	200
3017	5 ft	40 ft	Black	30	200
